Principle	Compliance for full year	Commentary
1: Lay solid foundations for management and oversight		
1.1 A listed entity should have and disclose a board charter setting out: a) the respective roles and responsibilities of its board and management; and b) those matters expressly reserved to the board and those delegated to management.	Full	The Company’s Board Charter outlines the roles and responsibilities of the board and management, and can be found at https://www.hancockandgore.com.au/corporate-governance

Principle	Compliance for full year	Commentary
<p>1.2 <i>A listed entity should:</i></p> <p>a) <i>undertake appropriate checks before appointing a director or senior executive, or putting someone forward to security holders for election as a director; and</i></p> <p>b) <i>provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.</i></p>	Full	<p>The Board undertakes appropriate checks before appointing or nominating board candidates to ensure that person is competent, experienced and is not prevented in any way from discharging the duties of a director.</p> <p>The Company's Nomination and Remuneration Committee Charter establishes accountability for requiring that appropriate checks are undertaken in respect of potential Board candidates, having regard to their skills, experience and expertise before nominating them for election.</p> <p>A copy of the Company's Nomination and Remuneration Committee Charter is located https://www.hancockandgore.com.au/corporate-governance</p>
<p>1.3 <i>A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.</i></p>	Full	Each Director and Senior Executive has a written agreement in place.
<p>1.4 <i>The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.</i></p>	Full	<p>This accountability is formalised through its inclusion in the Board Charter.</p> <p>During the financial year the Company did not have a separate non-executive Chair and Chief Executive Officer positions, and both roles were performed by the Executive Chair. Accordingly, there was no practical effect of separate accountability of the Company Secretary to the Board through the Chair.</p>

Principle	Compliance for full year	Commentary
<p>1.5 A listed entity should:</p> <p>a) have and disclose a diversity policy;</p> <p>b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and</p> <p>c) disclose in relation to each reporting period:</p> <ol style="list-style-type: none"> the measurable objectives set for that period to achieve gender diversity; the entity's progress towards achieving those objectives; and either: <ol style="list-style-type: none"> the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act. <p>If the entity was in the S&P / ASX 300 Index at the commencement of the reporting period, the measurable objective for achieving gender diversity in the composition of its board should be to have not less than 30% of its directors of each gender within a specified period.</p>	Partial	<p>A copy of the Company's diversity policy can be found at https://www.hancockandgore.com.au/corporate-governance</p> <p>However, the Company does not currently have or set measurable objectives for achieving gender diversity in respect of any of: its board, senior executives and workforce generally. As a result, the Company is not able to report its progress towards achieving those objectives.</p> <p>The Company and its controlled entities no longer meet the criteria to be a "relevant employer" under the Workplace Gender Equality Act.</p> <p>At all times during the financial year, the Company, and entities comprising the investment entity, employed less than 10 staff, plus the board of Directors and the Company Secretary. At the end of the year, the Company had one female employee.</p> <p>During the year, the Company has not specifically considered gender diversity when recruiting. Instead, the Company seeks to identify the best candidate for each position at the time, irrespective of gender or other diversity considerations. Further formal diversification may be considered as and when vacancies arise.</p> <p>The Company was not in the S&P / ASX 300 Index at the commencement of the reporting period.</p>
<p>1.6 A listed entity should:</p> <p>a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and</p> <p>b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	Partial	<p>The Company's Board Charter outlines the processes to be followed for periodically evaluating the performance of the board, its committees, and individual directors.</p> <p>During the 2024 financial year, two new directors were appointed and one director resigned. Due to significant board changes in the current year, a separate periodic evaluation was not undertaken in 2024.</p>
<p>1.7 A listed entity should:</p> <p>a) have and disclose a process for evaluating the performance of its senior executives at least once every reporting period; and</p> <p>b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	Full	<p>The Company's Board Charter outlines the processes to be followed for periodically formally evaluating the performance of its senior executives at least once every reporting period.</p> <p>Performance evaluation of Senior executives was undertaken by the executive chair during the year and recommendations reviewed by the Board.</p>

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
